

# Curbridge Carriage Company

(Proprietor Peter J. Hole)

*For A Modern Rolls-Royce Wedding Car Experience*

*Planning your very special day? Why not let us be part of it? Let us provide the bridal carriage so that you can travel in style like the discerning person you are!*

## The Rolls-Royce

*The car is a 1988 Rolls-Royce Silver Spirit, the coachwork of which is finished in champagne with the interior being of cream Connolly hide (piped in brown), beige Wilton carpets, burr-walnut woodwork, lambs' wool over-rugs and individual foot rests. This Rolls-Royce, which has travelled only 42,800 miles (July 2007), is in superb condition, both inside and out and is equipped with twin-level climate control, to help ensure that you will arrive at your destination both cool and relaxed. It is also fitted with a premium sound system, so if you wish, you may listen to your favourite music during the journey.*

*The Rolls-Royce will be dressed in a 'V' shaped ribbon and, if required, three matching bows-one on its World famous radiator grille and one on each of the front door handles. A floral arrangement of silk flowers will be displayed on the rear parcel shelf. I recommend either ivory or traditional white ribbons, but if these do not match your colour scheme, several other colours are available at no extra cost. New ribbons are used for each wedding.*

## The Service We Offer

*The Rolls-Royce will be driven by a uniformed chauffeur who will drive the car sedately, will assist you whenever necessary and will ensure that you have sufficient time for photographs to be taken with the car, should you so wish. The Rolls-Royce and its chauffeur will be at your disposal for up to four hours which will ensure that you have plenty of time to travel from the departure point to the wedding venue and then on to the reception where this is at a different location to the wedding venue. We will be pleased to do more than one journey from the same departure ad-*

*dress to the wedding venue where the distance makes this possible. So, the bridesmaids (or other passengers, for example the Bride's mother) can be taken to the wedding venue first, the car then returning for the Bride. Where the ceremony and the reception are held at the same venue, the Bride and Groom may, should they wish to relax away from their guests, have a short ride in the Rolls-Royce before the reception commences. As, under normal circumstances, we only book one wedding a day, we can take our time in making you feel the special people which you are!*

## Civil Ceremonies

*Although, we refer to the Rolls-Royce as a bridal carriage and make mention of the bride, we are more than pleased to provide this car and its chauffeur for Civil Ceremonies.*

## Discounts

*A discount will be given for all registered charity and public sector workers and when the departure address is within the 01489 telephone exchange area.*
